CTSN Survey

Due to the ACTA's decision to no longer print the CTSN and make it viewable online only for 2019 onwards, the NSWCTA has been looking into the price of setting subscriptions set up with an independent printing agency.

The cost of the subscription would be approximately \$115-\$120 for the 12 issues (approximately \$10 per month, payable in full).

We understand that this is quite a substantial amount, so we are putting the feelers out to see who would be interested in subscribing for the Shooters News.

Would you be willing to pay \$115-\$120 annually for the CTSN to be printed and mailed to your door?

- Yes, I would pay the \$115-\$120 for the 12-month subscription.
- No, I would prefer to just view it online.

Notes:

For those that would like a subscription, please supply me with your contact details in the Notes section and I will place your name on the list.

Please email your responses to nswcta1@bigpond.com, or you would fax them to 02 6931 9981.
